I certify that these accounts have been examined by me under direction of the Auditor General and by authority of 7-8 Edward VII, Chap. 76, and are correct.

The over-expenditures have been provided for in the Supply Ordinance of 1919.

Je certifie que j'ai, moi-même, sous la direction de l'Auditeur général et en vertu de 7-8 Edouard VII, chap. 76, vérifié ces comptes et qu'ils sont exacts.

Les découverts sont compensés par les crédits budgétaires de 1920.

Proposed Compensation for Destruction of Property Owned by Government Employees

DEPARTMENT OF MARINE AND FISHERIES, OTTAWA, September 23, 1920.

SIR,—On the 10th October, 1919, Mr. Joseph Aylward, Fishery Overseer in Prince Edward Island, had a hay stack burned by parties unknown. At that time there was a great deal of illegal fishing of lobsters being done and this officer was very active in seizing and destroying the lobster traps and in prosecuting the offenders. In this particular case it has not been possible to secure evidence to start prosecution. The value of the hay burned was $60, being 3 tons at $20 per ton. This sort of thing—the destruction of property belonging to officers in revenge for the seizing of fishing gear—has been going on intermittently for some time and the Department has always promptly made good the loss, (as otherwise it would be impossible to keep a good reliable Fishery Overseer), by paying the same, chargeable to the appropriation of "Salaries and Disbursements of Fishery Officers."

I shall be glad if you will be good enough to sanction claims of this nature which are absolutely unforeseen, and therefore cannot be provided for.

I may say that the claims do not average more than one in a year.

I am, sir, your obedient servant,

WM. A. FOUND, *Assistant D.M. of Fisheries.*

The Auditor General, Ottawa.

AUDIT OFFICE, OTTAWA, September 29, 1920.

SIR,—I beg to acknowledge the receipt of your letter of the 23rd instant respecting the burning on October 10, 1919, of a hay stack, the property of Mr. Joseph Aylward, a Fishery Overseer in Prince Edward Island, which in the opinion of the department was an act of destruction by some person or persons unknown in revenge for the seizing of fishing gear used for the prosecution of illegal fishing.

The Department, it would appear from your letter desires to recompense Mr. Aylward for his loss, though there is apparently no evidence other than suspicion that the burning was an act of revenge perpetrated on an employee of the Government because of his activity and diligence in the performance of his duty.

You ask me to be good enough to sanction claims of this nature which are absolutely unforeseen and therefore cannot be provided for.

It is not the province of the Auditor General to sanction claims for the payment of public moneys, his duty is to see that all such claims are fair and just and are supported by vouchers and other proofs of payment and that there is a Parliamentary appropriation to which they are properly chargeable.

In the case to which you call attention you admit there is no Parliamentary provision and consequently, in my view, the Department has no authority to deal with such a claim.

There is in the Supply Bill a provision for unforeseen expenses, but all claims on that vote must be authorized by the Governor in Council.

It is quite clear that the appropriation for salaries and disbursements of fishery officers is not applicable to the claim made on behalf of Mr. Aylward.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

WM. A. FOUND, Esq.,
Asst. Deputy Minister of Fisheries, Ottawa.

Shipbuilding Programme: Ships not Completed within Specified Time

AUDIT OFFICE, OTTAWA, November 5, 1919.

SIR,—I beg to call your attention to the schedule of dates for the delivery of four cargo steamers by Messrs. J. Coughlan and Sons, Vancouver, under contract dated November 22, 1918.

Under the provisions of Clause seventeen of the contract the contractors agreed to deliver these steamers fully completed and fit for sea as follows:—

One steamer July 31, 1919.

One steamer August 31, 1919.

One steamer September 30, 1919.

One steamer October 31, 1919.

There is a penalty of $100 a day for non-compliance with this provision in the contract.

So far none of these steamers has been completed and I shall be glad if you will let me know what action has been taken by the department in respect of the penalty provided in the contract.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

The Deputy Minister of Marine and Fisheries, Ottawa.

DEPARTMENT OF MARINE, OTTAWA, November 12, 1919.

SIR,—I have the honour to refer to your communication of the 5th inst., relative to the delivery of cargo steamers Nos. 11, 12, 13 and 14, now under construction by Messrs. Coughlan & Sons, Vancouver, which by contract should have been delivered in July, August, September and October respectively, of this year.

In reply I have to advise that on May 21, 1919, the builders advised the department that the contract delivery dates would not be obtained owing to delays in the delivery of furnaces from Great Britain.

On June 3, the department was advised that owing to labour troubles in Vancouver, the Coughlan Company had been forced to suspend operation on these vessels. Owing to this, the works were closed until July 5.

On June 26, the builders again advised the department regarding delays through non delivery of funaces, stating that the best deliveries promised about that date were for August, 1919.

The first consignment of furnaces, I am advised, has now been made to the Coughlan Company for one ship, but the builders are still awaiting delivery of these parts for the other three vessels.

Another reason for delay occurred during the summer of 1918, when the boiler shop and part of the building berths was destroyed by fire, together with two vessels partly completed for the Imperial Munitions Board. This occurrence alone has been the cause of serious delays in the completion of the vessels now under construction for this department.

A further delay in connection with the delivery of machinery of which the department was advised by the builders on September 29, occured owing to the National Railway strike in Great Britain.

With regard to the penalties named in the Articles of Agreement, no action has yet been taken by this department, but the matter will receive full consideration on receipt of claims for the final payments.

I have the honour to be, sir, your obedient servant,

The Auditor General, Ottawa. A. JOHNSTON, *D.M.*

AUDIT OFFICE, OTTAWA, November 10, 1919.

SIR,—With reference to your application of the 6th instant for payment to the Port Arthur Shipbuilding Company of $71,400, being the final instalment on their contract for cargo steamer No. 41, I beg to point out that under the provisions of the contract this steamer should have been delivered and accepted on or before September 30, 1919. Please send me the company's explanation of the delay in completing the steamer.

It will save time and facilitate the payment of the contractors' claims if in all cases in which the steamers have not been completed within the time prescribed in the contract the necessary explanation of the delay is attached to your application.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

The Deputy Minister of Marine and Fisheries, Ottawa.

DEPARTMENT OF MARINE, November 17, 1919.

SIR,—I have the honour to refer to your communication of the 10th inst., relative to the delay in the delivery of the above vessel.

In reply I beg to advise that the contract for this vessel was awarded on March 1 with delivery on September 30, 1919. The reasons for delay are as follows:—

1. Non-arrival of steel from the United States for constructive purposes on promised date.
2. Strike of employees at Port Arthur of which the department was advised on May 19.
3. Delay in receipt of anchors and cables which were ordered in May from England and were not delivered until October.
4. Delay in delivery of furnaces from England which were only received in October. On August 29, the department was duly advised of possible delays through non-delivery of these items.

Generally the completion of this vessel was delayed through inability of British sub-contractors to give deliveries on promised dates.

The foregoing reasons for non-delivery are also applicable to ship No. 42.

I have the honour to be, sir, your obedient servant,

The Auditor General, Ottawa. A. JOHNSTON, *D.M.*

Shipbuilding Programme, Delay in Commencing Work—J. Coughlan and Sons

AUDIT OFFICE, OTTAWA, January 7, 1921.

SIR,—In April 1920, J. Coughlan & Sons, Vancouver, received payment of the first instalment, due under terms of a contract, for the construction of two cargo steamers of 8,350 tons deadweight each, when contract signed.

No further claims for these steamers have since been received so far as I know and I shall be obliged if you will let me know the reason. Has work been suspended and is it the intention of the department to enforce the provisions respecting the time limit for the completion of steamers provided in the contract?

I am, sir, your obedient servant,

E. HAWKEN, Esq., E. D. SUTHERLAND, *A.G.*
Acting Deputy Minister,
Marine and Fisheries, Ottawa.

AUDIT OFFICE, OTTAWA, January 14, 1921.

SIR,—In view of the correspondence which has taken place between your department and the Department of Justice—copies of which were enclosed in your letter of the 7th instant—respecting the contract with J. Coughlan and Sons for the construction of two single screw cargo steamers, I beg to enquire whether the department will insist on the completion of the steamers in accordance with the contract provisions; or if not, will any steps be taken to recover the first instalment paid the contractors on each steamer when the contract was signed—April 7, 1920?

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

E. HAWKEN, Esq.,
Acting Deputy Minister,
Marine and Fisheries, Ottawa.

DEPARTMENT OF MARINE, OTTAWA, January 15, 1921.

SIR,—In answer to your letter of the 14th instant, I beg to inform you that the whole matter in connection with the Coughlan contract is in the hands of the Deputy Minister of Justice.

I do not know whether the steamers will be ultimately completed or not. I have before me a copy of a letter which the Deputy Minister of Justice sent to Messrs. Coughlan on the 12th instant confirming a telegram in which it is stated that the Government looks to the contractors for damages incurred, including the immediate return of the advance made when the contract was signed.

I am, sir, your obedient servant,

E. HAWKEN, *A.D.M. of M.*

The Auditor General, Ottawa.

Insurance on Steamer paid by Government

AUDIT OFFICE, OTTAWA, October 2, 1919.

SIR,—With reference to your application of the 29th ultimo for a cheque for $298.88 in favour of Toronto Insurance and Vessel Agency being insurance on cargo steamer No. 61 built at Collingwood, Ontario, and on which the final payment was made on August 19 last, I shall be obliged if you will let me know how this claim became a liability of the Government.

Under the contract for the construction of this steamer, the contracting company agreed to insure the steamer fully until delivery to the department, and I do not understand why the insurance from "noon April 22 to noon May 7, 1917," should be paid by the Government. What is meant by "15 days' extension of builder's risk" and 15 days' extension of deletion Clause C" inserted at the head of the voucher sent me?

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

The Deputy Minister of Marine and Fisheries, Ottawa.

DEPARTMENT OF MARINE, OTTAWA, October 4, 1919.

SIR,—I beg to acknowledge the receipt of your letter of the 2nd instant addressed to the Deputy Minister of this department, which has been referred to the undersigned, and note you ask to be informed as to how cheque for $298.88, payment of insurance to the Toronto Insurance and Vessel Agency on cargo steamer No. 61 built by the Collingwood Shipbuilding Company, became a liability of the Government.

In reply I may inform you that the contractors wrote the department under date of April 7 last, advising that this vessel was ready for final inspection and delivery, and such being the case, they expected the department to take delivery before the 22nd of that month, on which date the insurance expired. Owing to uncontrollable circumstances, the department was not in a position to take over the vessel on or before that date, and as it was necessary that the department be protected in the matter of insurance; after a conference with the Naval constructor, I wrote the Collingwood Shipbuilding Company requesting that they renew the insurance for two weeks or fifteen days, the department to reimburse them for the portion of premium on the insurance from the time the vessel would be taken over until the expiration of the period mentioned.

Hoping the above explanation will be satisfactory.

I am, yours very respectfully,

GEORGE H. FLOOD, *Purchasing and Contract Agent.*

The Auditor General, Ottawa.

Refrigerators purchased from A. G. Kidston & Co.

AUDIT OFFICE, OTTAWA, May 29, 1920.

SIR,—With reference to your application of the 25th instant for a sterling bill in favour of the Bank of Montreal for A. G. Kidston and Company for £2,905-10-1 for one duplex steam driven marine refrigerator machine complete, I beg to call your attention to Orders in Council of January 26 and February 28, 1920, under which the department was authorized to enter into contracts with A. G. Kidston and Company, Montreal, for the supply of a certain number of marine type steam driven refrigerating plants to be installed on steamers in course of construction for the Canadian Government Merchant Marine. The contracts have not been sent me.

The Order in Council of January 26, (No. 185) authorizes payment of £3,921 f.o.b. London for each machine complete, with an additional amount of £86 for the usual spare gear furnished for each installation.

It is further provided that if only one machine is ordered the price may be advanced by ten per cent.

The Order in Council of February (No. 450) authorizes the department to enter into a contract for thirteen machines at a cost of £3,921 with an addition of £183 for spare gear.

Your application for £2,905-10-1 cannot therefore be for a complete machine unless the contract price is very considerably less than the amount authorized by the Governor in Council.

Please let me have your explanation on this point and if the amount asked for is only a portion of the contract price of the complete machine how was the amount asked for arrived at as the proportion justly due.

Under the Orders in Council the contract is for the complete machine and the details given in the bills of lading sent me are not sufficient to determine whether or not the amount claimed is justly due.

I shall be obliged if you will give this matter your early attention as in the meantime I am holding your application.

How many of these installations have been ordered from A. G. Kidston and Company?

I am, sir, your obedient servant,

Deputy Minister of Marine, Ottawa. E. D. SUTHERLAND, *A.G.*

Department of Marine, Ottawa, May 31, 1920.

Sir,—I have the honour to refer to your communication of the 29th inst., in which you draw to my attention Orders in Council of January 26, and February 28, 1920, relative to the above, and under which the department was authorized to contract with Messrs. A. G. Kidston & Company for the supply of thirteen refrigerating plants for installation on certain vessels in course of construction under the Government shipbuilding programme.

In reply, I have to advise that the Order in Council, dated February 28 (No. 450), cancels that of January 26 (No. 185).

With regard to the application for payment of account, amounting to £2,905 10s. 1d., I would advise that the first engine has been completed and tested in the presence of Lloyd's surveyor, and certificates have been mailed from England. Mr. Duguid, during his recent visit to England, however, advised the sub-contractors that on satisfactory completion of the test, the principal parts of the engine were to be immediately shipped in order that shipbuilders might be enabled to make progress with the preliminary work. The remaining parts of the first engine are being forwarded under a later shipment, whilst other parts, such as piping, are being manufactured in Canada, owing to the impossibility of satisfactory deliveries from England.

Please note that the proportion claimed is arrived at from job numbers given on the time cards used by mechanics, etc., working on each machine in the works of the sub-contractors. The amount claimed is based on stated rates shown on these time cards, and can therefore be taken as justly due the sub-contractors. In any case, this claim can be adjusted at a later date on other shipments being received.

In answer to the last paragraph in your communication; thirteen installations in all have been ordered.

I am, sir, your obedient servant,

The Auditor General, Ottawa. E. HAWKEN, *Acting D.M.*

Audit Office, Ottawa, June 2, 1920.

Sir,—I beg to acknowledge the receipt of your letter of the 31st ultimo with reference to your application of the 25th ultimo for a sterling bill in favour of the Bank of Montreal for A. G. Kidston to which I called your attention by letter under date May 29, 1920.

You do not say whether or not you have followed out the instructions of the Governor in Council in regard to entering into a contract with Messrs. Kidston for the installations authorized.

I have, however, on the explanation of Mr. Duguid, passed the amount asked for in your application, but I shall need a certificate later on that the payment of the amount in question is justified by the material so far delivered by the Kidston Company.

I have returned the bills of lading sent me.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

The Deputy Minister of Marine and Fisheries, Ottawa.

Official Trial Trips of Steamers of Shipbuilding Programme

Department of Marine, Ottawa, August 6, 1919.

Sir,—I have the honour to refer to Mr. Kearns' telephone conversation of the 1st instant in connection with paragraph 1 in the above clause (14); reference "in the presence of a Trial Board appointed by the minister."

In explanation I would advise that the official trials of the vessels being built under the Government programme are conducted by the naval constructor to the department or his assistants, if the latter, as in the case of British Columbia vessels, under instructions from the naval constructor as to methods and data required.

In the term used above it would have been better if the articles had contained a clause relegating such duties to the technical officers of the minister. In the absence of this clause, it has always been understood that the naval constructor is the officer responsible to the minister and with his assistants can be taken as forming the board referred to.

In future contracts the wording of this clause will be modified.

I am, sir, your obedient servant,

C. STANTON, *A.D.M.*

The Auditor General, Ottawa.

Audit Office, Ottawa, June 30, 1919.

Sir,—With reference to your applications of the 28th instant for the final payments to the Canadian Vickers, Limited, on their contracts for two steel single screw steamers Nos. 66 and 67, I beg to call your attention to the omission of any certificate as to the speed of the vessels called for by the contracts.

The contracts as you are aware provide that the speed shall be determined by trial trips performed in the presence of a trial board, appointed by the minister, and it seems to me the result of these trial trips as determined by the trial board should be sent me so that I may be in a position to pass your application for final payment.

I am, sir, your obedient servant,

WM. KEARNS, *for A.G.*

The Deputy Minister of Marine and Fisheries, Ottawa.

Department of Marine, Ottawa, July 9, 1919.

Sir,—I have the honour to refer to your communication of the 30th ultimo in connection with the payment of instalment No. 10 on the above vessels, and requesting information as to the result of the official trial trips.

In reply, I beg to advise that ship No. 66, by arrangement between the minister and the builders, ran an endurance trial between Montreal and Quebec during December, 1918, in ballasted condition. On this trial everything worked satisfactorily, and a speed of fully 13 knots, or equivalent to a sea speed, loaded, of fully 11 knots, was obtained. The department on this trial was represented by Mr. Pemberton, resident overseer at Montreal.

In explanation of the arrangement come to between the minister and the builders, I would advise that when the vessel left Montreal ice was rapidly forming on the river, and the builders, in view of the desire of the department for completion, decided

to take the vessel to Quebec in the hope that weather conditions would be favourable during January for the delivery voyage between Quebec and Halifax. It was in consequence considered advisable to accept an endurance trial of about 12 hours in ballasted condition in place of the 6 hours' loaded trial specified.

With regard to ship No. 67, similar conditions prevailed. The vessel was launched in December, and in an endeavour to complete for commission at as early a date after as possible the vessel was taken to Quebec before the river was absolutely closed to navigation. Every endeavour was made by the builders to place the vessel in commission during February, but, owing to ice conditions in the gulf of St. Lawrence, it was ultimately decided by the department not to permit the vessel to leave Quebec but to winter at that port, and return to Montreal on the opening of navigation for final painting, and certain testing which could not be done at Quebec, owing to weather conditions.

The trial trip of this vessel was run on the opening of navigation between Quebec and Montreal in ballasted condition, it being decided in this case also to accept an endurance trial between these ports in place of a six-hour trial fully loaded. The trial results on this run were entirely satisfactory.

For your further information in connection with this type, and as a comparison, a fully loaded trial of Vickers' No. 68 (sister ship to No. 67), was recently held below Quebec. Notwithstanding unfavourable conditions, *re* depth of water, currents, and other unsatisfactory features, a speed of 11¾ knots was obtained on the 6-hour-run, which indicated that under normal conditions this type of vessel will be able to maintain a speed of over 12 knots on trial, or fully ¼ knot in excess of the contract requirements.

In connection with all official trials, I would advise that the Trial Board mentioned in the articles of agreement consists of the naval constructor to the department, and technical assistants. The records are carefully compiled in all trials carried out during the open season of navigation, and in all cases so far the results have been in excess to the contract requirements.

I am, sir, your obedient servant,

A. JOHNSTON, *D.M.*

The Auditor General, Ottawa.

Operation of Ships by Canadian National Railways

AUDIT OFFICE, OTTAWA, January 28, 1920.

SIR,—Referring to your letter of December 26, 1919, I beg to be informed if a satisfactory arrangement has yet been made between the Department and the Canadian National Railways with respect to the terms under which the cargo steamers built for the Department may be operated by the Canadian National Railways.

Has the Department received any statement of receipts and expenditure of the steamers so far transferred?

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

The Deputy Minister of Marine and Fisheries, Ottawa.

DEPARTMENT OF MARINE, OTTAWA, February 5, 1920.

SIR,—I regret very much that I am unable to advise, in reply to your letter of the 28th ultimo, that satisfactory arrangements have been concluded between this Department and the Canadian National Railways for the transfer to the latter of the vessels built and in course of building.

I am advised by Mr. Mitchell, Vice-President of the Canadian National Railways, that he will be here in the course of a few days to again take up the matter. I am hopeful that in a short time I will be able to report that satisfactory arrangements have been concluded.

Mr. Mitchell advises that he will supply you with a statement of receipts and expenditures in connection with the several vessels that have been turned over to them, if you desire to obtain the same.

I am, sir, your obedient servant,

A. JOHNSTON,
Deputy Minister of Marine.

The Auditor General, Ottawa.

Purchase of Steel Plates in accordance with contract

AUDIT OFFICE OTTAWA, 29th July, 1920.

SIR,—Referring to your application of the 27th instant for a cheque for $139,862.50 in favour of the Wallace Shipyards, Limited, being the sixth instalment on the contract price of the single screw cargo steamer No. 103 now under course of construction at Vancouver, will you please let me know if the Department has been insisting on a fulfilment of the provision in the eleventh clause of the contract respecting the purchase of the steel plates entering into the construction of the vessel from the Minister at the base price stipulated therein.

Has the contracting company so far purchased any steel plates in accordance with the provision in question and if so what disposition has been made of the amount collected from the company for the steel so purchased?

I am sir, your obedient servant,

E. D. SUTHERLAND. *A.G.*

The Deputy Minister of Marine and Fisheries, Ottawa.

DEPARTMENT OF MARINE, Ottawa, August 3, 1920.

SIR,—I have the honour to refer to your communication of the 29th ultimo, relative to the above, inquiring if the Department has insisted on the fulfilment of Clause No. 11 of the Articles of Agreement, respecting the purchase of steel plates, also if the contracting company has so far purchased any steel plates, and if so what disposition has been made of moneys collected on the steel so purchased.

In reply, I have to advise that up to this date, the Wallace Company has placed with the Department steel specifications covering Vessel No. 104. No deliveries have yet taken place, consequently no payments have been made by the contracting company on steel account.

With regard to Vessel No. 103, upon which the 6th payment has been claimed, the steel required for this contract was purchased by the Wallace Company in the United States previous to the Articles of Agreement being completed. As the Department

can dispose elsewhere of the steel which it is under contract to purchase from the Dominion Steel Corporation at a more profitable rate than that mentioned in the Articles of Agreement, it is not the present intention to sell to the Wallace Company equivalent in tonnage to that purchased in the United States. If, however, it is found necessary at a later date to have the Wallace Company adhere to the undertaking it has given regarding this equivalent tonnage, the necessary steps will be taken to have Clause No. 11 of the contract made effective.

I have the honour to be, sir, your obedient servant,

A. JOHNSTON,
Deputy Minister.

The Auditor General, Ottawa.

Steel Plates to be purchased from Dominion Steel Corporation

Audit Office, Ottawa, July 8, 1920.

Sir,—Referring to Orders in Council—758 of March 26, 1918 and 1555 of July 26, 1919—authorizing the Department of Marine and Fisheries to enter into a contract with the Dominion Steel Corporation, Limited, for a supply of steel plates for the purpose of carrying out the shipbuilding programme undertaken by the Government and also for the purpose of fulfilling the commercial requirements of Canada I beg to request that you will cause to be sent me a copy of the contract as amended under the terms of the latter Order in Council.

I should like to have also a statement of any purchases that have so far been effected in accordance with the contract and the disposition made of the steel plates shipped at the department's order by the Dominion Steel Corporation.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

The Deputy Minister of Marine and Fisheries, Ottawa.

Civil Service Certificate not necessary in case of certain appointments

Audit Office, Ottawa, June 4, 1920.

Dear Sir,—Under date June 11, 1918, you informed the Department of Marine and Fisheries that in your opinion the appointment of an Inspector of Boilers and Machinery under the provisions of Sections 572 and 573 of the Canada Shipping Act is not covered by the Civil Service Act and consequently no certificate of the Civil Service Commission was necessary. Again on June 21, 1918, you gave a like opinion respecting the appointment of Measuring Surveyors of Shipping under Section 12 of the same Act.

Would you please let me know if this opinion still holds good notwithstanding the provision in Section 12 of the Civil Service Act, 1919, respecting the repeal of previous legislation providing for appointments by the Governor in Council.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

E. L. Newcombe, Esq.,
Deputy Minister of Justice.

DEPARTMENT OF JUSTICE, OTTAWA, June 14, 1920.

SIR,—I have the honour to reply to your letter of the 4th instant referring to my opinions of June 11 and June 21, 1918, addressed to the Deputy Minister of Marine, in reference to the appointment of inspectors of boilers and machinery, under the provisions of sections 572 and 573 of the Canada Shipping Act, and of measuring surveyors of shipping, under section 12 of the said Act, and asking to be advised whether these opinions hold good notwithstanding the provisions of section 12 of the Civil Service Amendment Act, 1919, repealing, inter alia, "the power of the Governor in Council . . . . to appoint any employee".

I am of the opinion that these officials cannot be properly regarded as employees in the Civil Service within the meaning of section 2 (e) and (d) of the Civil Service Act, 1918, as amended, and that section 12 of the Civil Service Amendment Act, 1919, has not abrogated the power vested in the Governor in Council to appoint these officials.

I have the honour to be, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.*

Compensation proposée pour la destruction des biens possédés par les employés du Gouvernement

MINISTÈRE DE LA MARINE ET DES PÊCHERIES, OTTAWA, le 23 septembre 1920.

MONSIEUR,—Le 10 octobre 1919, M. Joseph Aylward, inspecteur des pêcheries dans l'Ile-du-Prince-Edouard a souffert de la perte d'une meule de foin par un incendie causé par des personnes inconnues. A cette époque il se faisait beaucoup de pêche illégale de homards et cet officier avait fait preuve d'une grande activité pour saisir et détruire les pièges à homards et à poursuivre les délinquants. Il n'a pas été possible, dans ce cas en particulier d'obtenir des preuves suffisantes pour entreprendre une poursuite. La valeur du foin brûlé est de $60.00, soit trois tonnes à $20.000 la tonne. Cet état de choses—la destruction des biens appartenant aux officiers comme vengeance pour la saisie des engins de pêche—existe depuis assez longtemps se répétant à certains intervalles, et le ministère a toujours promptement dédommagé les victimes des pertes subies, (vu qu'autrement il serait impossible de retenir les services d'un bon et honnête inspecteur des pêcheries), en payant ces mêmes dommages à même les fonds imputables au crédit des "Salaires et déboursés des officiers des pêcheries".

Je serais heureux si vous aviez la bonté d'approuver les réclamations de cette nature qu'il est absolument impossible de prévoir et pour lesquelles, par conséquent, il n'est pas en notre moyen de pourvoir.

Je puis ajouter que le nombre de ces réclamations ne s'élève pas, en moyenne, à plus d'une par année.

Je suis, monsieur,

Votre obéissant serviteur,

WM A. FOUND,
Sous-ministre adjoint des Pêcheries.

L'auditeur général, Ottawa.

BUREAU DE L'AUDITEUR, OTTAWA, le 29 septembre 1920.

MONSIEUR, — J'ai l'honneur d'accuser réception de votre lettre du 23 courant relativement à l'incendie d'une meule de foin, le 10 octobre 1919, la propriété de M. Joseph Aylward, un inspecteur des pêcheries dans l'Ile-du-Prince-Edouard, lequel incendie, selon l'opinion du département, était un acte de destruction commis par une personne, ou plusieurs personnes, pour se venger de la saisie d'engins de pêche utilisés dans un but de pêche illégale.

Le ministère, à en juger par votre lettre, désire récompenser M. Aylward pour sa perte, bien qu'il n'y ait apparemment aucune autre preuve que de simples soupçons tendant à faire croire que cet incendie était un acte de vengeance commis contre un employé du gouvernement à cause de son activité et de son zèle dans l'accomplissement de ses devoirs.

Vous me demandez d'avoir la bonté d'approuver les réclamations de cette nature tout à fait imprévues et pour lesquelles il est impossible de pourvoir.

Il n'est pas du domaine de l'Auditeur général d'approuver des réclamations pour le paiement à même les fonds publics, son devoir est de voir à ce que toutes ces réclamations soient justes et équitables et sont appuyées par des titres et autres preuves de paiement et qu'il y existe un crédit parlementaire auquel le paiement de ces réclamations puisse convenablement être imputé.

Dans le cas que vous soumettez à mon attention vous admettez qu'il n'y a aucun crédit parlementaire et, conséquemment, selon mon opinion, le ministère ne possède aucune autorité pour effectuer le règlement d'une semblable réclamation.

Il y a dans le Bill des Subsides un crédit pour les dépenses imprévues, mais tout paiement à même ce crédit doit être autorisé par le Gouverneur en conseil.

Il est bien évident que le crédit pour les salaires et déboursés des officiers des pêcheries ne s'applique pas à la réclamation faite en faveur de M. Aylward.

Je suis, monsieur,
Votre obéissant serviteur,

E. D. SUTHERLAND,

M. WM A. FOUND,
Sous-ministre adjoint des Pêcheries,
Ottawa.

Programme de construction de navires: Navires non terminés dans les limites du temps spécifié

BUREAU DE L'AUDITEUR, OTTAWA, le 5 novembre 1919.

MONSIEUR, — J'ai l'honneur d'attirer votre attention sur le tableau des dates de livraison pour les quatre navires de chargement construits par MM. J. Coughlan and Sons, Vancouver, en vertu du contrat daté du 22 novembre 1919.

En vertu des dispositions de la clause dix-sept du contrat les entrepreneurs se sont engagés à livrer les navires au complet et prêts à prendre la mer aux dates suivantes:

Un navire le 31 juillet 1919.
" le 31 août 1919.
" le 30 septembre 1919.
" le 31 octobre 1919.

Il y existe une amende de $100 pour chaque jour de retard à se conformer aux dispositions de cette clause du contrat.

Jusqu'à présent pas un de ces navires n'a été terminé au complet et je serais heureux si vous étiez assez bon de me faire connaître quelle conduite a tenue le ministère respectivement à l'amende prévue au contrat.

Je suis, monsieur,
Votre obéissant serviteur,

A M. le Sous-ministre
de la Marine et des Pêcheries,
Ottawa.

E. D. SUTHERLAND,

Ministère de la Marine, Ottawa, le 12 novembre 1919.

Monsieur, — J'ai l'honneur de référer à votre lettre du 5 courant relativement à la livraison des navires de chargement n°s 11, 12, 13 et 14, actuellement en construction par MM. J. Coughlan and Sons, de Vancouver, lesquels, en vertu du contrat auraient dû être livrés aux mois de juillet, août, septembre et août respectivement, de la présente année.

En réponse, permettez-moi de vous dire que, le 21 mai 1919, les constructeurs ont donné avis au ministère que les dates de livraison tel qu'il appert au contrat ne pourraient être observées à cause du retard subi pour la livraison des chaudières venant de la Grande-Bretagne.

Le 3 juin, le ministère a reçu avis qu'en conséquence de troubles ouvriers à Vancouver la compagnie Coughlan s'était vue forcée de suspendre les travaux de construction de ces navires. Pour cette raison les travaux furent arrêtés jusqu'au 5 juillet.

Le 26 juin, les constructeurs donnèrent de nouveau avis au ministère au sujet du retard causé par la non-livraison des chaudières, disant que le mieux que l'on pouvait espérer, dans ce temps-là, c'était de les avoir au mois d'août.

La première expédition de chaudières, m'a-t-on informé, est maintenant parvenue à la compagnie Coughlan pour un seul navire seulement, et les constructeurs attendent encore la livraison de ces pièces pour les autres trois navires.

Une autre cause de délai survint pendant l'été de 1918 alors que l'atelier des bouilloires et une partie des chantiers de construction ont été détruits par un incendie, ainsi que deux navires presque terminés pour la Commission de Munitions Impériale. Cet incident en lui-même a été la cause de retards sérieux pour finir ces navires actuellement en construction pour ce ministère.

Une autre cause de retard relativement à la livraison des machines et dont le ministère a reçu avis de la part des constructeurs, le 29 septembre, c'est la grève déclarée par les employés des chemins de fer nationaux en Grande-Bretagne.

En ce qui concerne les amendes mentionnées dans les clauses du contrat le ministère n'a pris jusqu'ici aucune action mais la question recevra entière considération sur réception des réclamations pour les derniers paiements.

J'ai l'honneur d'être, Monsieur,
Votre obéissant serviteur,

A. JOHNSTON,
Sous-ministre.

Bureau de l'Apurateur des comptes, Ottawa, le 10 novembre 1919.

Monsieur,—En accusant réception de votre lettre du 6 écoulé, dans laquelle vous demandez qu'il soit versé à la *Port Arthur Shipbuilding Company* le montant de $71,400, soit le dernier paiement de la somme stipulée dans l'adjudication relative à

la construction du vapeur n° 41, j'ai l'honneur de vous souligner qu'aux termes du contrat ledit navire aurait dû être livré et accepté le 30 septembre 1919, au plus tard. Je vous prie de me faire tenir l'explication de la compagnie touchant le retard survenu dans le parachèvement du navire.

Afin de gagner du temps et de faciliter les paiements aux entrepreneurs vous seriez bien avisé, chaque fois que le navire en question était inachevé à l'expiration du délai prescrit dans le contrat, de faire accompagner votre demande de l'explication nécessaire de ce retard.

Je demeure, monsieur,
Votre obéissant serviteur,

E. D. SUTHERLAND, *A. G.*

A M. le sous-ministre
de la Marine et des Pêcheries,
Ottawa.

MINISTÈRE DE LA MARINE, OTTAWA, le 17 novembre 1919.

MONSIEUR,—J'ai l'honneur d'accuser réception de votre communication du 10 courant relative au retard survenu dans la livraison du navire nommé ci-dessus.

En réponse j'ai l'honneur de vous dire que le contrat pour la construction de ce navire fut donné le 1er mars; le vaisseau devait être livré le 30 septembre 1919. Voici quelles sont les raisons du retard en question:

1. L'acier commandé aux Etats-Unis n'est pas arrivé à la date promise.
2. Les employés à Port-Arthur ont fait grève; le ministère en a été averti le 19 mai.
3. Arrivée tardive d'ancres et de câbles qui, commandés en Angleterre au mois de mai, ne sont venus qu'en octobre.
4. Des fourneaux, achetés en Angleterre, n'ont été livrés qu'au mois d'octobre. Le ministère a été dûment averti, le 29 août, que par suite de retard survenu dans la livraison de ces articles le navire ne serait peut-être pas terminé à temps.

D'une manière générale la construction de ce navire n'a pas été achevée dans le temps prescrit parce que les sous-entrepreneurs en Angleterre n'ont pu livrer à la date promise les articles achetés chez eux.

Les raisons ci-dessus s'appliquent également au cas du retard apporté dans la construction du navire n° 42.

J'ai l'honneur d'être, monsieur,
Votre obéissant serviteur,

A. JOHNSTON,
Sous-ministre.

L'Auditeur général, Ottawa.

Programme de construcion maritime—Retard survenu dans le commencement des travaux—J. Coughlan & Sons

BUREAU DE L'APURATEUR DES COMPTES, OTTAWA, le 7 janvier 1921.

MONSIEUR,—Au mois d'avril 1920 MM. J. Coughlan & Sons ont touché le premier paiement de la somme prescrite dans le contrat relatif à la construction de deux navires de 8,350 tonnes, poids mort, chacun.

Depuis lors, à ma connaissance, aucune demande de paiement pour la construction de ces navires n'a été adressée au ministère. Est-ce que les travaux ont cessé? Le ministère a-t-il l'intention de s'en tenir aux articles du contrat qui prescrivent l'achèvement de la construction dans un temps donné?

Je demeure, monsieur,
Votre obéissant serviteur,

A M. Hawken, E. D. SUTHERLAND, *A. G.*
Suppléant du sous-ministre
de la Marine et des Pêcheries, Ottawa.

Bureau de l'Apurateur des comptes, Ottawa, le 14 janvier 1921.

Monsieur,—En vue de la correspondance échangée entre votre ministère et le ministère de la Justice—dont vous nous avez transmis des copies dans votre lettre du 7 écoulé—touchant le contrat conclu avec J. Coughlan & Sons pour la construction de deux navires à hélice simple, je vous prie de m'apprendre si le département va exiger l'observance à la lettre des articles du contrat qui prescrivent l'achèvement de la construction dans un temps donné; sinon, va-t-il exiger le remboursement du premier paiement versé aux entrepreneurs pour le compte de chaque navire lorsque le contrat fut signé—le 7 avril 1920?

Je demeure, monsieur,
Votre obéissant serviteur,

A M. Hawken, E. D. SUTHERLAND, *A. G.*
Suppléant du sous-ministre
de la Marine et des Pêcheries, Ottawa.

Ministère de la Marine, Ottawa, le 15 janvier 1921.

Monsieur,—En réponse à votre lettre du 14 j'ai l'honneur de vous apprendre que toute cette question du contrat Coughlan est entre les mains du sous-ministre de la Justice.

Je ne sais si, à la fin, la construction de ces navires sera terminée. J'ai sous les yeux la copie d'une lettre adressée aux MM. Coughlan le 12 janvier par le sous-ministre de la Justice, en confirmation d'un télégramme où il est dit que le Gouvernement a l'intention de se faire dédommager par les entrepreneurs qui seront tenus de rembourser immédiatement le paiement versé lors de la signature du contrat.

Je demeure, monsieur,
Votre obéissant serviteur,

E. HAWKEN,
Suppléant du sous-ministre,
de la Marine.

L'Auditeur général,
Ottawa.

Assurance d'un navire payé par l'Etat

Bureau de l'Apurateur des comptes, Ottawa, le 2 octobre 1921.

Monsieur,—En réponse à votre lettre du 29 septembre dans laquelle vous demandez qu'un chèque de $298.88 soit émis en faveur de la *Toronto Insurance and Vessel Agency,* en paiement de l'assurance du navire n° 61 construit à Collingwood, Ontario, et payé définitivement le 19 août dernier, je vous prie de m'expliquer de quelle manière le paiement de pareils frais incombe à l'Etat.

Aux termes du contrat relatif à la construction de ce navire l'entrepreneur s'engageait à assurer le navire entièrement jusqu'au moment où il serait livré au ministère et je ne puis comprendre pour quelle raison l'Etat serait appelé à payer l'assurance depuis "midi, le 22 avril jusqu'à midi, le 7 mai 1917".

Que signifient "prorogation de délai de 15 jours du risque du constructeur" et "prorogation de délai de 15 jours de l'article abrogatif C" insérés en tête de la pièce justificative qu'on m'a adressée?

Je demeure, monsieur,
Votre obéissant serviteur,

E. D. SUTHERLAND, A. G.

A M. le sous-ministre
de la Marine et des Pêcheries,
Ottawa.

MINISTÈRE DE LA MARINE, OTTAWA, le 4 octobre 1919.

MONSIEUR,—J'ai l'honneur d'accuser réception de votre lettre du 2 courant adressée au sous-ministre de ce ministère et qui m'a été référée. Je constate que vous désirez savoir comment le chèque de $298.88 en faveur de la *Toronto Insurance and Vessel Agency* en paiement de l'assurance sur le cargo n° 61 construit par la *Collingwood Shipbuilding Company,* a été imputé à la charge du gouvernement.

En réponse permettez-moi de vous informer que les entrepreneurs ont écrit au ministère en date du 7 avril dernier donnant avis que ce navire était prêt pour l'inspection finale et la livraison. Pour cette raison ils s'attendaient que le ministère prisse possession avant le 22 de ce mois, date à laquelle l'assurance expirait. Pour des raisons inévitables, le ministère ne pouvait pas prendre possession du navire à cette date ou avant; et comme il était nécessaire que le ministère fût protégé en matière d'assurance, après consultation du constructeur maritime, j'ai écrit à la *Collingwood Shipbuilding Company* la priant de renouveler l'assurance pour deux semaines ou quinze jours, le ministère devant leur rembourser cette partie de la prime couvrant l'assurance de la date de livraison jusqu'à l'expiration de la période susdite.

Espérant que cette explication sera satisfaisante, je demeure,

Votre respectueusement soumis,

GEORGE H. FLOOD,
Agent chargé des achats et des contrats.

L'Auditeur général,
Ottawa.

Réfrigérateurs achetés de A. G. Kidstone & Co.

BUREAU DE L'APURATEUR DES COMPTES, le 29 mai 1920.

MONSIEUR,—En ce qui a trait à votre demande en date du 25 du courant à l'effet d'une traite-sterling en faveur de la banque de Montréal pour la "A. G. Kidston & Company", au montant de £2,905-10-1, pour l'achat d'une installation complète d'un réfrigérateur de marine à vapeur et à double effet, je voudrais attirer votre attention sur les arrêtés du conseil du 26 janvier et du 28 février 1920, en vertu desquels le ministère était autorisé à passer un contrat avec la "A. G. Kidston & Company", de Montréal, par lequel ladite compagnie s'engageait à fournir un certain nombre d'appareils frigorifiques à vapeur destinés à être installés sur les vaisseaux en construction de la marine marchande du Gouvernement canadien. Ces contrats ne m'ont pas été remis.

L'arrêté du conseil du 26 janvier (n° 185) autorise le paiement de la somme de £3,921, f.à b., à Londres, pour chaque installation complète, plus une somme additionnelle de £86 pour les pièces de rechange habituellement fournies avec chaque installation.

Il est en plus stipulé que si l'on ne commande qu'une seule installation frigorifique, le prix en sera majoré de dix pour cent.

L'arrêté du conseil de février (n° 450) autorise le ministère à passer un contrat portant l'installation de treize appareils frigorifiques au août de £3,921, plus une somme additionnelle de £183 pour les pièces de rechange.

Votre demande de £2,905-10-1 ne peut en conséquence s'appliquer à l'installation complète, à moins que le prix indiqué au contrat soit considérablement moins élevé que la somme autorisée par le Gouverneur en conseil.

Veuillez m'expliquer ce point et si la somme demandée ne constitue qu'une partie du prix indiqué au contrat couvrant l'installation complète, de quelle manière la proportion est-elle déterminée.

En vertu des arrêtés du conseil le contrat couvre l'appareil frigorifique au complet et les détails donnés aux feuilles de route qui m'ont été envoyées ne suffisent pas à déterminer si oui ou non la somme requise est exactement due.

Je vous serais très obligé de donner à cette affaire une prompte attention, car dans l'intervalle je me vois forcé de retenir votre demande.

Quel est le nombre de ces appareils qui ont été commandés chez la "A. G. Kidston and Company"?

Je suis, monsieur,

Votre obéissant serviteur,

E. D. SUTHERLAND, *A. G.*

MINISTÈRE DE LA MARINE, OTTAWA, le 31 mai 1920.

MONSIEUR,—J'ai l'honneur de vous renvoyer à votre lettre du 29 courant, dans laquelle vous attirez mon attention sur les décrets du conseil du 26 janvier et du 28 février 1920, concernant le sujet précité et en vertu desquels le ministère était autorisé à négocier avec MM. A. G. Kidston et Cie pour la fourniture de treize appareils frigorifiques qui seront installés sur certains navires en cours de construction conformément au programme de construction maritime du gouvernement.

En réponse, je dois dire que l'arrêté du conseil en date du 28 février (n° 450) annule celui du 26 janvier (n° 185).

Relativement à la demande de paiement du compte, s'élevant à £2,905 10s. 1d., je dois vous informer que la première machine a été complétée et éprouvée en présence de l'inspecteur de Lloyd, et les certificats ont été postés d'Angleterre. M. Duguid, lors de sa récente visite en Angleterre, cependant, a averti les sous-entrepreneurs qu'aussitôt l'épreuve satisfaisante complétée, les principales parties de la machine seront immédiatement expédiées afin que les constructeurs de navires puissent poursuivre les travaux préliminaires. Les autres parties de la première machine seront expédiées plus tard, tandis que d'autres parties, telles que les tuyaux, sont manufacturées au Canada, vu qu'il est impossible d'expédier convenablement d'Angleterre.

Veuillez prendre note que la proportion faisant l'objet de la requête est déterminée d'après les numéraux de l'entreprise inscrits sur les fiches horaires utilisées par les mécaniciens, etc., employés sur chaque machine dans les usines des sous-entrepreneurs. La somme demandée est basée sur les taux stipulés sur ces fiches, et, par con-

séquent, elle peut être considérée comme étant justement due aux sous-entrepreneurs. Quoi qu'il en soit, cette réclamation peut être ajustée à une date subséquente et à l'occasion de nouvelles expéditions.

Pour répondre au dernier paragraphe de votre lettre: on a commandé en tout treize appareils.

Je suis, monsieur,
Votre obéissant serviteur.

E. HAWKEN,
Sous-ministre suppléant.

L'Auditeur général,
Ottawa.

BUREAU DE L'AUDITEUR GÉNÉRAL, OTTAWA, le 2 juin 1920.

MONSIEUR,—J'accuse réception de votre lettre du 31 mai dernier relative à votre requête du 25 du même mois au sujet d'un effet pour valeur reçue en faveur de la Banque de Montréal pour A. G. Kidston et sur lequel j'ai attiré votre attention par lettre à la date du 29 mai 1920.

Vous ne dites pas si vous avez ou non suivi les instructions du Gouverneur en conseil relativement à un contrat à passer avec MM. Kidston pour les installations autorisées.

J'ai toutefois, sur des éclaircissements fournis par M. Duguid, consenti le montant mentionné dans votre requête, mais il me faudra plus tard un certificat attestant que le versement du montant en question se justifie du chef du matériel livré jusqu'à date par la compagnie Kidston.

J'ai retourné les billets de connaissement à moi expédiés.

Je suis, monsieur,
Votre obéissant serviteur,

E. D. SUTHERLAND, *A. G.*

Le sous-ministre de la Marine et des Pêcheries,
Ottawa.

Voyage d'essai officiel des steamers du programme de construction navale

MINISTÈRE DE LA MARINE, OTTAWA, le 6 août 1919.

MONSIEUR,—J'ai l'honneur de vous référer à la conversation téléphonique du premier de ce mois relativement au paragraphe 1 de la clause ci-haut (14); et où il s'agit de (en présence d'un bureau d'essai nommé par le ministre).

A titre d'explication je dois dire que les essais officiels relatifs aux vaisseaux construits d'après le programme du Gouvernement sont conduits par le constructeur naval du ministère ou ses assistants, et dans ce dernier cas, comme il est arrivé pour les vaisseaux de la Colombie-Britannique, suivant les instructions du constructeur naval relativement aux méthodes et données requises.

Dans la phraséologie employée ci-haut il eût mieux valu que les articles eussent renfermé une clause à l'effet de confier ce soin aux représentants techniques du ministre. Cette clause manquant, on a toujours entendu que le constructeur naval est le fonctionnaire responsable auprès du ministre et qu'il peut avec ses aides être considéré comme constituant le bureau en question.

Dans les contrats futurs on verra à modifier la phraséologie de cette clause.

Je suis, monsieur,
Votre obéissant serviteur,

C. STANTON,
Sous-ministre adjoint.

L'Auditeur général,
Ottawa.

BUREAU DE L'AUDITEUR GÉNÉRAL, OTTAWA, le 30 juin 1919.

MONSIEUR,—Relativement à vos demandes du 28 de ce mois relativement aux versements finaux à faire en faveur de la *Canadian Vickers Limited*, du chef des contrats consentis avec eux pour deux steamers en acier à hélice unique n°s 66 et 67, je désire attirer votre attention sur l'omission de tout certificat relatif à la vitesse des vaisseaux visés par les contrats.

Les contrats, comme vous le savez, comportent que la vitesse sera déterminée lors de voyages d'essai exécutés en présence d'un bureau d'essai nommé par le ministre, et il me semble que le résultat de ces voyages d'essai tels que le bureau les veut, devraient me parvenir avant que je me trouve en demeure d'approuver votre demande de règlement de solde.

Je suis, monsieur,
Votre obéissant serviteur,

WM KEARNS,
Pour l'Auditeur général.

Le sous-ministre de la
Marine et des Pêcheries, Ottawa.

MINISTÈRE DE LA MARINE, OTTAWA, le 9 juillet 1919.

MONSIEUR, — J'ai l'honneur de vous référer à votre lettre du 30 juin dernier relativement au payement de l'installation n° 10 faite sur les vaisseaux ci-haut, et demandant des renseignements sur le résultat des voyages d'essai officiels.

En réponse je dois dire que le vaisseau n° 66, à la suite d'une entente intervenue entre le ministre et les constructeurs, a fait un voyage d'endurance avec lest entre Montréal et Québec dans le cours de décembre 1918. Au cours de ce voyage tout a fonctionné avec satisfaction et on a atteint facilement une vitesse de 13 nœuds, ou l'équivalent d'une vitesse en mer de 11 nœuds pleins avec chargement. Le ministère a été représenté à cette occasion par M. Pemberton, inspecteur résident de Montréal.

En vue d'exposer l'entente conclue entre le ministre et les constructeurs, je dois dire qu'au moment où le vaisseau a quitté Montréal la glace commençait à couvrir le fleuve un peu partout, et les constructeurs, vu le désir formulé par le ministère de voir la fin des travaux, résolurent de diriger le vaisseau sur Québec dans l'espoir que la température serait favorable en janvier pour la livraison du vaisseau et son voyage de Québec à Halifax. On jugea alors opportun d'accepter l'essai d'un voyage d'endurance d'environ 12 heures avec lest au lieu du voyage de six heures avec chargement comme requis.

Quant au vaisseau n° 67, les choses se sont passées de même façon. Le vaisseau a été lancé en décembre, et en vue de compléter pour l'armement aussitôt que possible après cette date on l'a dirigé sur Québec avant que le fleuve ne fût complètement fermé à la navigation. Les constructeurs ont fait tout le nécessaire pour terminer l'armement du vaisseau en février mais, le golfe Saint-Laurent étant pris par les glaces, le département a finalement résolu de ne pas permettre au vaisseau de quitter Québec et de le laisser hiverner dans ce port pour le ramener à Montréal à l'ouverture de la navigation et le peinturer pour la dernière fois et le soumettre à certains essais impossibles à conduire à Québec à cause de la température.

Le voyage d'essai de ce vaisseau s'est fait à l'ouverture de la navigation entre Québec et Montréal avec lest, vu qu'on avait résolu pour cette fois encore d'accepter une épreuve d'endurance entre ces ports au lieu d'un voyage de six heures avec chargement plein. Les résultats d'essai de ce voyage ont donné entière satisfaction.

Pour plus amples informations sur ce type de vaisseau à titre de comparaison, un essai du Vicker n° 68 (même type que le 67) a eu lieu tout récemment en bas de Québec. Malgré un ensemble de circonstances défavorables, profondeur de l'eau,

courants et autres, on a obtenu une vitesse de 11¾ nœuds sur un voyage de six heures, ce qui veut dire que dans des circonstances normales ce type de vaisseau sera en mesure de se maintenir à une vitesse de plus de 12 nœuds à son voyage d'essai, soit facilement un quart de nœud de plus que ne l'exige le contrat.

Quant aux essais officiels dans leur ensemble, je dois dire que le Bureau des essais mentionné dans les articles d'entente comporte le constructeur naval du département et des assistants techniques. On conserve soigneusement les données obtenues aux essais exécutés dans la saison où la navigation est ouverte, et chaque fois jusqu'à aujourd'hui les résultats obtenus ont dépassé les données du contrat.

Je suis, monsieur,
Votre obéissant serviteur,

A. JOHNSTON,
Sous-ministre.

L'Auditeur général, Ottawa.

Exploitation de vaisseaux par le service des chemins de fer nationaux du Canada

BUREAU DE L'AUDITEUR, OTTAWA, 28 janvier 1920.

MONSIEUR, — En réponse à votre lettre du 26 décembre 1919, je vous prie de me dire si le ministère et le service des chemins de fer nationaux du Canada en sont venus à une entente satisfaisante sur les conditions auxquelles le services des chemins de fer nationaux du Canada peut exploiter les cargos construits par le ministère.

Le ministère a-t-il reçu un état des recettes et déboursés des steamers transférés jusqu'ici?

Je suis, monsieur, votre obéissant serviteur,

E. D. SUTHERLAND,
A. G.

Le sous-ministre de la
Marine et des Pêcheries, Ottawa.

MINISTÈRE DE LA MARINE, OTTAWA, le 5 février 1920.

MONSIEUR, — En réponse à votre lettre du 28 dernier, je regrette beaucoup de ne pouvoir vous dire que notre ministère a conclu une entente satisfaisante avec le service des chemins de fer nationaux du Canada pour le transfert à ce dernier des vaisseaux construits ou en construction.

M. Mitchell, vice-président des chemins de fer nationaux, me dit qu'il sera ici dans quelques jours pour discuter la question de nouveau. J'espère pouvoir vous annoncer prochainement la conclusion d'une entente satisfaisante.

M. Mitchell me dit qu'il vous fournira un état des recettes et déboursés relatifs aux différents vaisseaux qui leur ont été transférés, si vous le désirez.

Je suis, monsieur, votre obéissant serviteur,

A. JOHNSTON,
Sous-ministre de la Marine.

L'Auditeur général, Ottawa.

Achat de plaques d'acier d'après contrat

BUREAU DE L'AUDITEUR, OTTAWA, 29 juillet 1920.

MONSIEUR, — A propos de votre lettre du 27 courant demandant un chèque de $139,862.50 en faveur de la "Wallace Shipyards, Limited", comme sixième versement sur le prix de l'entreprise du cargo à une hélice n° 103, actuellement en construction

à Vancouver, voulez-vous être assez bon de me dire si le ministère a insisté sur l'accomplissement de la disposition contenue à l'article onze du contrat concernant l'achat des plaques d'acier qui entrent dans la construction du vaisseau, achat qui devait se faire du ministre, au prix fondamental stipulé audit article?

La compagnie d'entreprise a-t-elle, jusqu'ici, acheté des plaques d'acier en conformité de la disposition mentionnée, et, dans l'affirmative, quel usage a-t-on fait de la somme perçue de la compagnie pour l'acier ainsi acheté?

Je suis, monsieur, votre obéissant serviteur,

E. D. SUTHERLAND,
A. G.

Le sous-ministre de la
Marine et des Pêcheries, Ottawa.

MINISTÈRE DE LA MARINE, OTTAWA, le 3 août 1920.

MONSIEUR, — J'ai l'honneur de répondre à votre communication du 29 dernier concernant ce qui est mentionné ci-dessus et demandant si le ministère avait insisté sur l'accomplissement de l'article 11 du contrat, au sujet de l'achat des plaques d'acier, et, dans l'affirmative, quel usage nous avions fait des sommes perçues sur l'acier ainsi acheté.

Je dois vous dire que, jusqu'aujourd'hui, la "Wallace Company" a confié au ministère les commandes d'acier relatives au vaisseau n° 104. Nous n'en avons pas encore livré. Par conséquent, la compagnie d'entreprise ne nous a pas encore fait de paiements pour l'acier.

Quant au vaisseau n° 103 pour lequel nous avons demandé un sixième versement, la "Wallace Company" en a acheté l'acier aux Etats-Unis avant que la rédaction du contrat n'ait été terminée. Comme le ministère peut vendre ailleurs, à un prix plus rémunérateur que celui mentionné dans le contrat, l'acier qui, d'après le contrat, doit être acheté de la Dominion Steel Corporation, nous n'avons pas l'intention, dans le moment, de vendre à la "Wallace Company" une quantité équivalente à celle achetée aux Etats-Unis. Mais si, plus tard, nous jugeons nécessaire d'obliger la "Wallace Company" à s'en tenir à l'entreprise qu'elle a donnée concernant cette quantité équivalente, nous prendrons les moyens de faire mettre en vigueur l'article 11 du contrat.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

A. JOHNSTON,
Sous-ministre.

Plaques d'acier à acheter de la Dominion Steel Corporation

BUREAU DE L'AUDITEUR, OTTAWA, le 8 juillet 1920.

MONSIEUR,—A propos des arrêtés du conseil 758, du 26 mars 1918, et 1555, du 26 juillet 1919, autorisant le ministère de la Marine et des Pêcheries à passer un contrat avec la "Dominion Steel Corporation, Limited", pour la fourniture de plaques d'acier aux fins d'exécuter le programme de construction maritime adopté par le gouvernement et aussi de satisfaire aux besoins du commerce canadien, je vous prie de me faire envoyer une copie du contrat tel qu'amendé en vertu du dernier arrêté du conseil.

J'aimerais aussi avoir un état de tous les achats faits jusqu'ici, d'après le contrat, et un compte rendu de l'usage fait des plaques d'acier expédiées par la "Dominion Steel Corporation" sur l'ordre du ministère.

Je suis, monsieur, votre obéissant serviteur,

E. D. SUTHERLAND, *A. G.*

Le sous-ministre de la
Marine et des Pêcheries,
Ottawa.

Dispense de certificat de la Commission du Service civil pour certaines nominations

BUREAU DE L'AUDITEUR GÉNÉRAL, OTTAWA, le 4 juin 1920.

CHER MONSIEUR,—A la date du 11 juin 1918, vous avez informé le ministère de la Marine et des Pêcheries qu'à votre avis la nomination d'un inspecteur de chaudières et de machines en vertu des articles 572 et 573 de la Loi de la marine marchande ne tombait pas sous la Loi du service civil et que, par conséquent, un certificat de la Commission du Service civil n'était pas nécessaire. De nouveau, le 21 juin 1918, vous avez donné une opinion semblable concernant la nomination des inspecteurs-mesureurs des vaisseaux marchands en vertu de l'article 12 de la même loi.

Voulez-vous être assez bon de me dire si vous persistez dans cette opinion malgré la disposition de l'article 12 de la Loi du service civil 1919 concernant le rappel des lois précédentes prévoyant les nominations par le Gouverneur en conseil.

Je suis, monsieur,
Votre obéissant serviteur,

E. D. SUTHERLAND, *A. G.*

E. L. NEWCOMBE,
Sous-ministre de la Justice.

MINISTÈRE DE LA JUSTICE, OTTAWA, le 14 juin 1920.

MONSIEUR,—J'ai l'honneur de répondre à votre lettre du 4 courant relativement à mes avis des 11 et 21 juin 1918, adressés au sous-ministre de la Marine, au sujet de la nomination des inspecteurs des chaudières et des machines, en vertu des dispositions des articles 572 et 573 de la Loi de la marine marchande au Canada et des inspecteurs mesureurs des vaisseaux, en vertu de l'article 12 de ladite Loi, et me demandant de vous avertir si ces avis ont encore force de loi, en dépit des dispositions de l'article 12 de la Loi modificatrice de la Loi du Service civil, de 1919, abrogeant, entre autre "le pouvoir qu'a le Gouverneur en conseil de nommer n'importe quel fonctionnaire".

Je suis d'avis qu'on ne peut pas à bon droit considérer ces fonctionnaires comme faisant partie du Service civil, d'après l'interprétation de l'article 2 (e) et (d) de la Loi du Service civil, de 1918, telle que modifiée, et que l'article 12 de la Loi modificatrice de la Loi du Service civil, de 1919, n'a pas abrogé le pouvoir dévolu au Gouverneur en conseil de nommer ces fonctionnaires.

J'ai l'honneur d'être, monsieur,
Votre obéissant serviteur,

E. L. NEWCOMBE, *sous-ministre de la Justice.*

M. E. D. SUTHERLAND,
Auditeur général, Ottawa.

Note.—The annuity payment is for the purpose of paying off in 50 years the original capital, £2,000,000 and interest thereon at 3 per cent per annum.

General working expenses includes salaries and expenses of Head Office, Cable Stations and Cable Ship and Provident Fund.

Reserve and renewal fund is to provide for cable repairs and renewal of the cable when found necessary.

Revenue=Traffic receipts.

*This is the third occasion since the Pacific Cable was laid on which there has remained a surplus from revenue after the payment of the sinking fund annuities. In accordance with the provisions of the Pacific Cable Act, 1901, this sum must be applied in reduction of the outstanding balance of the original advance for the capital.
